# About Eduplana

Eduplana as a civic tech organization works to increase access to quality education for every citizen in Nigeria using technology.

Through citizen sensitization and media engagement, we promote accountability and service delivery in Nigeria's Education sector. Our mission is to ensure every child no matter their background enjoy equal access to quality education across the 36 states in Nigeria.

By deepening accountability in the education sector, we ensure that government funding and policy works in the education sector. Eduplana through the Needs Counter initiative now works to ensure faster access to education needs for abandoned public schools.

With presence in 21 states and spotlighting more than 57 schools, we believe this will reduce the number of out of school children in Nigeria.

In order to increase access to education, Eduplana works with government education agencies, media and civil society organizations as well as the state ministry of education, state universal basic education boards to ensure the renovation of public schools to stimulate children learning in rural communities.

## School Needs Monitoring Team

Lead: Oriyomi Ogunwale

Technology: Babatunde Adegbite

Research: Israel Oke, Akinsola Kehinde, Abdullahi Ningi, Chima Ajaude, Williams

Creative: Ibrahim Dauda
